**Scratch Debugging Check**  
**7th Grade - IIT - Summative 5**

**Name:** \_\_\_\_\_  
**Group:** 7° A B

**Date:** \_\_\_\_\_  
**Score:** \_\_\_\_ / 45 pts

**Instructions:** Review the starter program descriptions. Identify bugs, write fixes, and explain the result.

**Name and date. 2 pts.**

Complete name and date in the correct English Format.

**Spelling 2 pts.**

½ point less each spelling or capitalization mistake.

**Follow instructions. 1 pt.**

**Content: 40 points.**

**Total Points: 45 points.**

**Part A - Find and Fix Bugs (30 pts)**

Analyze the code provided in Google Classroom and find the mistakes that stop it from working correctly. Identify the bugs, correct the code, and test it to make sure the program works as expected. When the code is fixed, submit the corrected version to Google Classroom.

| Bug   | Starter Program Description                                                                                        | Problem | Fix | Result |
|-------|--------------------------------------------------------------------------------------------------------------------|---------|-----|--------|
| Bug 1 | The sprite should move when the green flag is clicked, but the movement block is not connected to the event block. |         |     |        |

| Bug   | Starter Program Description                                                                       | Problem | Fix | Result |
|-------|---------------------------------------------------------------------------------------------------|---------|-----|--------|
| Bug 2 | The score should increase by 1, but the program sets score to 0 every time the sprite is clicked. |         |     |        |

| Bug   | Starter Program Description                                                                    | Problem | Fix | Result |
|-------|------------------------------------------------------------------------------------------------|---------|-----|--------|
| Bug 3 | A sound should play after the dance move, but the sound block runs before the movement blocks. |         |     |        |

**Part B - Debugging Note (10 pts)**

Choose one bug. Write a short debugging note that names the problem, the fix, and how you know the fix worked. **(10 pts)**
