2nd Trimester
Appreciation Summative # 1
7th A & B

Name: _____

Date: _____

Group: 7° A B

Teacher: Porfirio Rios

Score: _____ / 40pts

Countdown Program and Constructive Peer Feedback

Criteria	9	7	5	2
Class time and organization	Starts promptly, stays focused, and keeps Scratch file and feedback evidence ready.	Usually focused and organized, with only one minor file or class-time issue.	Needs reminders; evidence or class time use is uneven.	Often off task or required evidence is missing.
Scratch practice evidence	Program evidence shows a loop, variable, timing test, and one adjusted value.	Program shows most required parts, with only one minor missing or unclear detail.	Program is started, but loop, variable, test, or adjustment evidence is incomplete.	Program evidence is missing or too unclear to support the grade.
Constructive feedback	Feedback names an observed strength and a specific suggestion in a respectful tone.	Feedback is respectful and useful but needs more specific evidence or explanation.	Feedback is mostly general praise or unclear advice with limited evidence.	Feedback is missing, disrespectful, or does not help the classmate improve.
Response to feedback	Actively evaluates a classmate and records the response, change, or next step.	Completes the evaluation and records a basic response, change, or next step.	Evaluation or response is incomplete and needs teacher support.	Does not complete the peer-evaluation process.
Criteria	4	3	2	0
Punctuality, Readiness & Respect	Files were delivered on time to Google Classroom, the student was prepared to work, and had necessary resources, e.g. computer, charger, email, and password.	Files were delivered on time, with only one minor readiness or resource issue.	Files were submitted, but there was a noticeable lateness, readiness, or resource problem.	Files were not delivered on time to Google Classroom, the student was not prepared to work, or did not have the necessary resources, e.g. computer, charger, email, and password.

Comments:

Constructive Peer Feedback Questions

Constructive criticism is specific, respectful, and useful. Use evidence from the program, then give one clear suggestion.

Reviewer	Name: _____
Classmate evaluated	Name: _____
My program modification	Value adjusted: _____
Code evidence observed	☐ loop ☐ variable ☐ timing test ☐ adjusted value
Specific strength	I noticed that _____
Helpful suggestion	I suggest _____ because _____
Constructive question	Have you tried _____?
Classmate response/change	After the feedback, my classmate _____

Pair Programming Responsibility

Criteria	9	7	5	2
Class time and organization	Starts promptly, stays focused, and keeps login, Scratch file, screenshot, and reflection evidence ready.	Usually focused and organized, with only one minor file or class-time issue.	Needs reminders; organization or class time use is uneven.	Often off task or required evidence is missing.
Driver/navigator roles	Uses driver and navigator roles fairly and explains personal contribution clearly.	Uses roles mostly fairly, with only a small imbalance or unclear detail.	Roles are attempted, but one partner does most of the work or the evidence is unclear.	Roles are not used responsibly or cannot be explained.
Scratch dance evidence	Feature shows one key press, costume change, sound, movement, and success/failure response.	Feature shows most required parts, with one minor missing or unclear detail.	Feature is started, but several required parts are missing or hard to check.	Practice feature is missing or too incomplete to support the grade.
Communication and feedback	Communicates respectfully, listens, and records feedback or a next improvement step.	Communicates respectfully and records a basic feedback response or next step.	Communication or feedback response is incomplete and needs teacher support.	Does not show respectful communication or a feedback response.
Criteria	4	3	2	0
Punctuality, Readiness & Respect	Files were delivered on time to Google Classroom, the student was prepared to work, and had necessary resources, e.g. computer, charger, email, and password.	Files were delivered on time, with only one minor readiness or resource issue.	Files were submitted, but there was a noticeable lateness, readiness, or resource problem.	Files were not delivered on time to Google Classroom, the student was not prepared to work, or did not have the necessary resources, e.g. computer, charger, email, and password.

Pair-Programming Self-Reflection Questions

Use evidence from the Scratch practice feature and your partner work. Your answers should support the appreciation grade.

Student	Name: _____
Partner	Name: _____
Roles used	I was: ☐ driver ☐ navigator ☐ both.
Practice feature evidence	☐ key press ☐ costume change ☐ sound ☐ movement ☐ success/failure response
My contribution	I helped by _____
Partner contribution	My partner helped by _____
Communication	One respectful communication habit we used was _____
Organization	Our file/screenshot/reflection evidence is saved here: _____
Feedback and next step	Feedback we used or will use next: _____
