**Data Cleaning Collaboration and Care**

| Criteria                                    | 9                                                                                                                                                             | 7                                                                              | 5                                                                                          | 2                                                                                                                                                                                 |
|---------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Responsible data handling</b>            | Handles data carefully and avoids careless or harmful changes.                                                                                                | Usually handles data responsibly.                                              | Needs reminders for data care.                                                             | Data handling is careless or unsafe.                                                                                                                                              |
| <b>Data-cleaning collaboration</b>          | Communicates clearly and shares data-cleaning work fairly.                                                                                                    | Usually communicates and shares work fairly.                                   | Shared work or communication is uneven.                                                    | Does not collaborate responsibly.                                                                                                                                                 |
| <b>Data-cleaning evidence</b>               | Records at least three cleaned values or clear change-log evidence.                                                                                           | Records most required change evidence.                                         | Change evidence is partial or hard to check.                                               | Change evidence is missing.                                                                                                                                                       |
| <b>Organization and persistence</b>         | Keeps dataset, chart, notes, or model evidence organized while solving errors.                                                                                | Mostly organized and keeps trying.                                             | Organization or persistence needs support.                                                 | Evidence is disorganized or incomplete.                                                                                                                                           |
| Criteria                                    | 4                                                                                                                                                             | 3                                                                              | 2                                                                                          | 0                                                                                                                                                                                 |
| <b>Punctuality, Readiness &amp; Respect</b> | Files were delivered on time to Google Classroom, the student was prepared to work, and had necessary resources, e.g. computer, charger, email, and password. | Files were delivered on time, with only one minor readiness or resource issue. | Files were submitted, but there was a noticeable lateness, readiness, or resource problem. | Files were not delivered on time to Google Classroom, the student was not prepared to work, or did not have the necessary resources, e.g. computer, charger, email, and password. |
